## WP3 – STREET ART FOR RIGHTS

### CONTEXTE

StreetArt for RIGHTS est un évènement d'art urbain qui lutte contre la discrimination et sensibilise au développement durable par le biais d'ateliers, de réalisation de fresques graffiti et de spectacles participatifs et innovants. Le projet se déroule en Italie, en Grèce, en France sur un cycle de trois ans, contribuant à la résilience du secteur culturel dans le contexte de la pandémie.

6 ateliers créatifs en Italie, en Grèce et en France impliquent les citoyens et les artistes dans un processus participatif et inclusif. Chaque atelier créatif se concentre sur des questions liées à l'inclusion sociale et/ou à la durabilité de l'environnement, menant à la conception d'œuvres d'art et de spectacles par des artistes de la culture de rue, nourris par les contributions, les préoccupations, les solutions, les questions et les considérations des citoyens.

Les meilleures pratiques sont identifiées, documentées et partagées par les partenaires au cours du séminaire de fertilisation croisée.

Les créations artistiques issues des ateliers sont exposées dans le cadre de trois temps forts StreetArt for RIGHTS, qui accueillent des publics et des artistes de pays européens afin de donner une visibilité aux créations des citoyens. Les temps forts font intervenir des artistes de diverses disciplines des arts de la rue. Un appel à propositions accueille les contributions des citoyens et des artistes.

### BLOCK PARTY AU COLLÈGE ROSA PARKS

Pick Up Production a organisé son festival au terme de 3 années du projet Street Art For Rights avec l'intention de mêler les différentes problématiques abordées par le projet.

L'évènement s'est tenu le samedi 14 septembre au Collège Rosa Parks à Nantes et a proposé :

- Fresque et atelier graff dans le cadre du projet Street Art For Rights avec les artistes Lady Bug et le collectif 100pression
- Dj set pour rythmer l'après-midi et vous faire revisiter vos classiques

- Show de danse du collectif The Rookies qui sont venus présenter leur nouvelle création
- Open mic et beatbox
- Jeux pour les plus petits, afin que toute la famille profite de cette fête de quartier
- Battle hip hop all style
- Concert exclusif du rappeur new-yorkais et membre fondateur du groupe Gangstarr : Jeru The Damaja

## LE CHOIX DU LIEU

L'évènement s'est déroulé dans la cour du collège Rosa Parks. Il s'agit d'un lieu fermé depuis le début scolaire et qui est en transition, en attente d'être réhabilité en vue d'accueillir d'autres usages (locaux associatifs...).

Cet espace faisant sens pour le déroulement du projet car :

- c'est un lieu très identifié et approprié notamment par les jeunes
- c'est un lieu situé au coeur d'un quartier prioritaire de la ville de Nantes
- Rosa Parks est une figure de la lutte contre les discriminations
- Rosa Parks est le nom du parc dans le Bronx à New York où s'est déroulée le 11 août 1973 la block party qui est considérée comme la date de naissance du mouvement hip hop. Pick Up Production étant une association s'inspirant du mouvement hip hop, ce lieu faisant donc sens aussi pour cette dernière raison

## LES PROPOSITIONS

Afin de rendre cet évènement le plus populaire possible, Pick Up Production s'est également associée à la Ville de Nantes pour organiser cette block party au même endroit et en parallèle du forum associatif du quartier.

Afin de rendre cet évènement familial, Pick Up Production a proposé un espace de maquillage pour les enfants et des jeux en bois étaient mis à disposition, en accès libre, sous le préau du collège.

Un démonstration de dubble dutsh a aussi été réalisée par une association du quartier.

Une buvette proposant des softs était installée dans la cour.

Une importante partie du projet a été consacrée au street art et au graffiti :

- Atelier graff avec les artistes du collectif 100pression
- Réalisation d'une grande fresque (permanente) sur le pignon du collège, représentant Rosa Parks, par l'artiste Lady Bug.
- Réalisation de fresques (permanentes) sur les thématiques des discriminations du projet (racisme notamment) sur les murs extérieurs du collège par les artistes du collectif 100pression
- Atelier en amont avec les habitants du quartier et réalisation de collages de photos de ces habitants sur les façades et fenêtres du collège par l'artiste québécois Wartin Pantois, venu en résidence à Nantes pour l'occasion.

Pick Up Production a proposé aux jeunes collégiens du quartier des ateliers de beatbox qui se sont déroulés la semaine précédant la block party. Celle-ci a donc été l'occasion pour eux de faire une restitution, sur scène et en présence des artistes les ayant accompagnés et du public.

## LES DISCRIMINATIONS

Le projet a été pensé comme l'évènement de clôture du projet Street Art for Rights. L'enjeu était donc de reprendre toutes les bonnes pratiques issues des différents ateliers et festival déjà organisés par Pick Up Production et par ses partenaires grecs et italiens. L'enjeu était également de reprendre un maximum de discriminations abordées par le projet. Les discriminations dont il a été question tout au long de la vie du projet ont été prises en compte de différentes manières :

- Handicap : accessibilité PMR sur le site de l'évènement, présence de personnes formées à l'accueil de personnes non et mal voyantes et de personnes sourdes.
- Origine sociale : le projet s'est déroulé au coeur d'un quartier dit « prioritaire » (quartier sensible) de la ville de Nantes, dans un endroit très identifié des jeunes, afin de rendre la block party la plus accessible possible à tous ceux qui pourraient se considérer comme éloignés de ce type d'offre culturelle. Dans le même objectif, l'accès à l'évènement était gratuit.
- Sexe / genre : une attention a été portée à la programmation et une parité a notamment été proposée avec l'évènement battle de danse, qui a rassemblé aussi bien des danseurs que des danseuses.

## RENDU

- Voir la vidéo aftermovie du projet : <https://www.youtube.com/watch?v=Xp8HUet93H4>
- Voir la vidéo des fresques réalisées dans le cadre du projet <https://www.youtube.com/watch?v=bYTIwKPx-7Y>
